THE COMPLETE CHURCH HYMNAL

Is exactly what its name suggests—a complete church hymnal. It contains more well-known devotional songs of real spiritual power than any book we have ever seen. Several hundred Ministers and Gospel singers helped in the selection of the songs. It contains and no well-known favorites that have stood the test of time have been left out. 596 songs, anthems and choruses and 2 pages of Scriptural Readings, first line and topical index, etc. Without the endorsement of any church, but on merit alone, it has won its way into every State in the Union, and today over a million are in use. This is, so far as we know, an achievement never equalled by an independent publisher.

A returnable sample copy will be sent free to any one authorized to select books for any Church or Sunday School. The wholesale price is only 35c per copy, \$3.60 per dozen, \$7.00 per 25; \$13.00 per 50; \$25.00 per 100 postpaid for best grade manila covers—Muslin lined cloth covers 5c per copy extra. Made in shaped notes only. No reductions from these prices to any one.

There are many more expensive books but few, if any better ones.

You will do any Church or Community a real service by calling their attention to this great book.
